SANGER BROTHERS.

—Gentlemen's and Boys' Fine Footwear.—

We call your attention to our line of Gent's fine shoes, they are decidedly the most fashionable styles in the best makes ever shown by us. On Monday, April 22, we will have a display of some of the styles, just received, in our show-window. If you are too busy to come in to examine shoes, look at them as you go by.

Our best French Calf and Kangaroo Hand-sewed Shoes in all the latest style, toes, button lace and congress are sold at \$6.50. They are the best that can be put up in quality and workmanship. We guarantee every pair.

Our \$5 line is one of the best wearers in the market; they combine style and service. We have them in all the latest shapes, in bals, button and congress.

To get good, solid wear for the least money, combining comfort, durability and style, just the thing the merchant, the student and mechanic wants. You should buy our \$3 Shoe. They are the very best material that can be put in a shoe, and will outlast anything that can be sold for that price. They always prove satisfactory. We have them in all styles, button, bals and congress.

These are not our lowest price shoes that will give good wear; we can suit your purse, be it large or small, just come out and try us.

Our \$2.50 warranted shoe is A 1; we also have good shoes for \$2. There is no excuse for anyone to go barefooted when they can buy good shoes for so little money.

Now a word for our boys' shoes. The little man wants his to look as nice as the boy's of larger growth. We have provided for them; our Boys' and Youths' Shoes are as stylish and well-made out of the same material as our men's goods. We warrant every pair to give satisfaction. We have them in French and London Toes, in Bals, Button and Congress. Our prices range \$1.50, \$2.00, \$2.50 and \$3.50.

OVER THE WIRES.

Telegraphic Miscellany Carefully Culled From Sundry Sources.

First Paper Filed.

KANSAS CITY, Mo., April 23.—The Star correspondent, who had been at Guthrie all night, returned to Arkansas City to-day and sends the following to his paper: The first homestead filed at Guthrie was Mark S. Cohen, of Fort Smith, Arkansas. The first soldier to file a declaratory statement was Benton Turner, who was a private in Company I, Sixth Illinois cavalry. During yesterday three town sites, Guthrie, Oklahoma City and Edmunds, three homesteads and twenty-one soldier's declaratory statements were filed. At 11:15 William Johnson, heading a little procession at the land office, laid down a rough chart of Guthrie and filed it as a town site. This was the first paper presented. Four clerks for the land office from Washington arrived yesterday—two for Kingfisher and two here. Land Register Dille stated this morning that the Kingfisher land office would not be open until Thursday.

The Missing Found Dead.

PITTSBURG, April 22.—About Jan. 1 last, Ike Todd, Thomas Dooley and Allen Walker, all colored, broke open the store of George Keating, ten miles east of here, and robbed the same. They were immediately arrested and indicted by the grand jury of Upshur county at Gilmer and all gave bond and were released. About a week after this Thomas Dooley was missing and it was thought he had skipped his bond, and his bondsmen made diligent search for him but they could get no trace of him. News has just reached here that his body was found last Saturday morning buried in the woods adjoining Mr. Stockers farm about a mile from Lafayette, and identified. His skull was crushed in, as though he had been struck and killed with an axe. Tom had threatened to turn state's evidence and it is supposed was killed by the parties implicated with him in the robbery.

Residence Cremated at Temple.

TEMPLE, Tex., April 22.—The residence of J. J. Baner in South Temple burned this morning. The family barely escaped. The house was new and one of the best in Temple. The burning was attributed to an accident. There was \$5,000 insurance in the Southern Insurance company of New Orleans on the house, and \$2,000 on household effects in the City of London. Loss, \$12,000.

A Snake in Her Bed.

NASHVILLE, April 23.—At 2 o'clock this morning Sarah Jordan, who lives at No. 1129 North College street, was awakened by feeling something crawling across her breast and arms. She jumped up, thinking it a mouse, but after lighting a lamp and examining the bed she discovered to her horror a black snake coiled under the pillow. The woman was very much frightened, and during the excitement caused by the discovery the snake escaped.

From El Paso.

EL PASO, April 23.—A large crowd witnessed Prof. LeRoy, the noted aeronaut, yesterday. The balloon was fully 5000 feet high before the performer made his daring leap with the parachute. He landed safely about 300 yards from the Rio Grande on the Mexican side. Next Monday during the press convention another ascension will be made. LeRoy will probably take some one with him. Several have expressed their desire to take a trip to the clouds with him.

Heavy Mail Storm Damage.

OVERTON, Tex., April 23.—The prospects for all crops in this section were never more flattering than they were up to Friday night, when a very severe hail storm passed over the country, doing great damage to all growing crops, tearing up the cotton to such an extent as to necessitate a large percentage of it being planted over. The fruit crop is largely depended upon for revenue. Material damage has been done to this crop by being knocked off trees and badly bruised, which will cause it to rot.

Is It Winkler?

FORT WORTH, Tex., April 22.—Word was received here to-night that a postal clerk running between this city and Galveston, left his train when near Houston taking with him all the registered letters. Some sixteen letters sent from Fort Worth are in the stolen property. It is said that he has been stealing for some time. Government officers are at work on the case.

Yellow Jack Again.

WASHINGTON, April 23.—Surgeon General Hamilton, of the Marine hospital service, was informed to-day by the president of the board of health of Sanford, Fla., that a case of yellow fever existed there. Dr. Hamilton says every precaution has been taken to prevent the spread of the disease and no danger is apprehended.

An attempt to assassinate Baker Look-

wood, was again out on trial in the district court room, Justice Herron presiding. The long strain and close confinement is beginning to tell on the prisoner. He is a man of iron nerve and for a week stood the fire of adverse testimony and the gaze of 500 pairs of eyes, but now looks pale and wan and starts at every sound.

The meeting of the medical association and two or three other attractions in no way detracted from the numbers of the crowd, which, as on previous days, filled the room to the windows and made the atmosphere unbearable. The prisoner's pretty young wife occupied her accustomed place by his side and glanced defiantly at the attorney for the state. It was a very short session, being confined entirely to the testimony of T. J. Powell, a chirographic expert, brought forward by the defense. He stated unhesitatingly the bogus letter of introduction presented by the man who shot Lookwood was written by a woman, and consequently was not penned by Newton. He refused to surrender his conviction, and under heavy cross-examination stuck to his original statement. The court then adjourned until to-morrow evening.

"Fessed Up" After Being Hanged.

BRENNHAM, Tex., April 23.—About two years ago arsenic was found in the family drinking water at the house of Ed. Bracken, a freedman living about eight miles north of Burton. Several parties were implicated, and the grand jury indicted a number of negroes suspected of being the parties to the crime. Bill Gaines, one of these, admitted he knew something of it, and said he and Mrs. Hudson was present. The Hudsons were highly incensed at this, but nothing was done for several months. When Bill Gaines went out hunting one day and never returned, though his horse and dog came back, the neighbors suspected foul play, and Sunday night a mob went to the house of the Hudsons, telling them they were going to hang them unless they told what had become of Gaines. At first they denied knowing. The crowd tied ropes around their necks and pulled them to the limb of a tree. When let down Alf weakened and said he had killed Gaines and buried his body in the Yegua bottom, telling where his bones could be found. Yesterday a party went out to search for the remains, but have not returned yet. The two Hudsons are under arrest and will be brought here to-day.

Be not deceived. Vasey will give you a square deal.

Married a Fortune with an Old Lady

New York, April 23.—A special from Buffalo says the aged widow of Gen. G. A. Seroogs was this morning married to James Albert Stitt, a dry goods clerk 22 years old, with whom she became acquainted less than a year ago. The wedding was originally arranged to be celebrated in St. Thomas church, New York city, by Rev. J. H. Brown, and an old friend of the Seroogs family. For some reason not known, but suspected to be disinclination on the part of Dr. Brown to officiate, the arrangements were altered and the wedding took place in St. Paul this morning.

Mrs. Seroogs is said to be 67 years old but she claims to be younger. She did not look to be over 50 as she swept down the aisle of the cathedral this morning clinging to the arm of her youthful and much less robust lover. Stitt has lately resided at Mrs. Seroogs' elegant home on Heart street. He is above medium height, dark complexion, and has full heavy face, set off by a neat black mustache.

There appeared to be less than a score of years difference between the two. Only a few friends of the couple were present. J. Stitt's brother of the bridegroom, who is a Toronto business man, and Mrs. Elmer H. Whitney, an intimate friend of Mrs. Grover Cleveland, were the witnesses. The couple left for New York on the morning train and will spend their honeymoon in eastern cities. Mr. Seroogs' fortune is estimated at \$300,000.

Monkeys and Snakes.

It is a curious fact that monkeys who have an intense instinctive dread of snakes, would seem from experiments in zoological gardens to be strangely attracted to them. An American observer, A. E. Brown, coiled a dead snake in a newspaper, so as to be easily capable of coming loose, and set it on the floor of a cage containing a great variety of monkeys. It was instantly carried off by a leading spirit, but in a few seconds the paper became unfolded and the snake was exposed. The monkey instantly dropped it and went away, but with a constant look behind. The other monkeys, perceiving the snake, approached step by step and formed a circle around it six or eight feet in diameter. None approached it except one Macaque, who cautiously made some snatches at the paper. At this moment a string which had been attached to the snake's tail was gently pulled; the monkeys fled precipitately, with great chattering and screaming. Some time after they gradually returned to their former position, and they continued this procedure for some hours, showing both intolerable fear and a strange attraction. —Murray's Magazine.
